

# Service Catalogue

## Redirection Notice

This page will redirect to <https://reannz.co.nz/services/network-cloud-services/tuakiri/tuakiri-service-catalogue/>.

This page has moved: <https://reannz.co.nz/services/network-cloud-services/tuakiri/tuakiri-service-catalogue/>

This is original HTML embedded on this page:

```
<script type="text/javascript" src="/confluence/js/jquery.tmpl.min.js"></script>
<script type="text/javascript" src="/confluence/js/jquery.dataTables.min.js"></script>
<script id="serviceTemplate" type="text/x-jquery-tmpl">
  <tr>
    <td class="confluenceTd title">${ displayName }</td>
    <td class="confluenceTd text">${ description }</td>
    <td class="confluenceTd title">${ organization }</td>
    <td class="confluenceTd link"><a href="${url}" target="_blank">Open</a></td>
  </tr>
</script>
<script type="text/javascript">

  AJS.toInit(function(){
    $.getJSON('/confluence/js/services.json', {format: 'json'}, function(data) {
      $('#serviceTemplate').tmpl(data.serviceproviders).appendTo(AJS.$('#services'));
      $('#serviceList').tablesorter( {sortList: [[0,0]] } );
    });
  });
</script>
```

The page also contained an HTML table (via Adaptavist Content Formatting Macros) with headers "Service Name", "Service Description", "Organisation" and "Link"
